

Non-Bendable TarryBoards™

Soft, Supportive, and Secure

Key Features:

- Available in three choices of backing: semi-flexible, unbreakable or ultra-unbreakable
- Provides comfort for the patient while supporting the I.V. site
- Lined with a thick foam pad to conform gently to the limb
- Covered in soft spun fabric
- Single Patient Use
- Not made with natural latex rubber (latex-free)
- A wide variety of sizes to suit the needs of every patient
- Made in U.S.A

Non-Bendable TarryBoards™ provide gentle, secure support for IV sites. A patient-first design and oversized foam to enhance comfort make them a reliable choice for single-patient care. White end threads and easy-adjust tabs make positioning simple and clear.
